DETAILED ACTION

Election/Restrictions

1. Applicant's election with traverse of claims 7-16 in the reply filed on 4/6/04 is acknowledged. The traversal is on the ground(s) that group I and should be examined together. This is not found persuasive because the group I is directly claimed a retainer while group II is directly claimed a connector.

The requirement is still deemed proper and is therefore made FINAL.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 7-16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

4. Claim 7 recites the limitation "said first substrate" in line 5. There is insufficient antecedent basis for this limitation in the claim.

Claim Rejections - 35 USC § 102

5. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

Art Unit: 2833

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

6. Claims 7 rejected under 35 U.S.C. 102(b) as being anticipated by Tomita et al. (US 5,876,245).

Regarding claim 7, Tomita et al. disclose a connector assembly for a circuit board comprising:

a first carrier board (1) fixedly coupled to the circuit board (un-numbered, see Figure 8);
a second carrier board (1) fixedly coupled to the circuit board; and
a retainer (6) body positioned adjacent to the first carrier board and said second carrier board, said retainer including a first snap (9) engaging said first carrier board and a second snap (9) engaging said second carrier board, said first snap and said second snap retaining said retainer body between said first carrier board and said second carrier board.

Oath/Declaration

The Oath and Declaration were not in the application.

Allowable Subject Matter

7. Claims 8-16 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

8. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach the retainer body having a through hole at a middle portion.

Art Unit: 2833

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
